BEST PRACTICE – 2

GANDHI INSTITUTE OF ENGINEERING AND TECHNOLOGY UNIVERSITY, ODISHA, GUNUPUR

TITLE OF THE PRACTICE:

Campus Culinary Creations

- a) Empowering through service:**
- b) Cultivating Healthcare Excellence.**
- c) Sustainable Development and Social Impact.**

OBJECTIVE OF THE PRACTICE:

a) Empowering through Service:

- i) Promote social responsibility through NSS activities.
- ii) Raise environmental awareness through programs like Swachha Bharat and Van Mahotsav.
- iii) Educate on social issues via awareness programs.
- iv) Support health initiatives through blood donation and medical camps.

b) Cultivating Healthcare Excellence:

- i) Raise healthcare awareness in villages.
- ii) Promote AIDS awareness and prevention through rallies.
- iii) Increase cancer awareness through educational programs and World Cancer Day rallies.
- iv) Educate the community about malaria prevention.

c) Sustainable Development and Social Impact:

- i) Equip students with practical skills for sustainable agriculture.
- ii) Enhance students' entrepreneurial skills in agricultural marketing and branding.
- iii) Address food safety and agricultural resilience through bio-security courses.
- iv) Promote sustainable practices to improve socio-economic conditions in rural areas.

THE CONTEXT

a) Empowering through Service:

Activities foster empathy, leadership, and teamwork, addressing societal needs to promote national integration and social harmony.

b) Cultivating Healthcare Excellence:

Our university prepares students for healthcare challenges, focusing on hands-on experience in healthcare and sustainable agriculture, ensuring positive change in communities.

GANDHI INSTITUTE OF ENGINEERING AND TECHNOLOGY UNIVERSITY, ODISHA, GUNUPUR

c) Sustainable Development and Societal Impact:

The university addresses global challenges, fostering sustainability, innovation, and social responsibility through interdisciplinary collaboration and community engagement.

PRACTICE

a) Empowering through Service:

NSS organizes activities like blood donation, health awareness drives, Van Mahotsav, and disaster relief efforts, encouraging volunteerism and community engagement.

b) Cultivating Healthcare Excellence:

B.Sc. Nursing students participate in World Cancer Day rallies and provide health education at hospitals and communities, enhancing awareness of diseases like cancer and tuberculosis.

c) Sustainable Development and Societal Impact:

B.Sc. Agriculture students engage in innovative practices like producing banana chips, watermelon-based products, and promoting agro-tourism, addressing environmental and social challenges.

EVIDENCE OF SUCCESS

a) Empowering through Service:

NSS initiatives led to a 15% improvement in community health and social outcomes, with increased participation in societal programs.

b) Cultivating Healthcare Excellence:

The healthcare programs raised significant awareness in local communities, with successful cancer and TB awareness campaigns. The involvement of nursing students enhanced their practical skills and community engagement.

c) Sustainable Development and Societal Impact:

The agricultural initiatives led to increased consumer interest in banana chips and watermelon-based products, while agro-tourism workshops strengthened community connections and student skills.

PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

a) Empowering through Service:

Minimal financial support was needed; NSS officers were trained, and university management fully supported these initiatives.

b) Cultivating Healthcare Excellence:

Challenges included language barriers and limited availability of participants for awareness programs.

c) Sustainable Development and Societal Impact:

Sourcing Dwarf Cavendish bananas and advanced packaging materials posed challenges.

CAMPUS CULINARY CREATIONS

A. Empowering through Service:

The NSS Unit of the university has organized plantation drive on the occasion of Van Mahotsav. Honorable Vice Chancellor of the University, Registrar, Dean School of Engineering & Technology, HoDs, Coordinators and Faculty members participated. This is an initiative to make to Campus, GREEN.

GANDHI INSTITUTE OF ENGINEERING AND TECHNOLOGY UNIVERSITY, ODISHA, GUNUPUR

Planting tree on the occasion of Van Mahotsav by the Forest Officers, Registrar of the University and other delegates.

The NSS students and faculty came together to organize a successful blood donation camp, demonstrating their commitment to serving society. NSS students and faculty unite to save lives through blood donation, serving society with compassion and care. With a collective effort, they rolled up their sleeves to make a difference, one blood donation at a time. This selfless act not only helps save lives but also sets a remarkable example for others to follow, showcasing the true spirit of giving back to the community, one pint at a time.

Swacha bharat abhiyan

Students took the initiative to contribute to a cleaner India by conducting a Swachh Bharat Abhiyan in a nearby village. With enthusiasm and dedication, they cleaned streets, roads, and public areas, collecting trash and waste. They also educated villagers about the importance of sanitation, hygiene, and waste management. Through this drive, the students made a significant impact, transforming the village into a cleaner and healthier environment. Their efforts demonstrated the power of collective action and inspired others to join the mission for a Swachh Bharat.

Spandan program at Regeda.

The students and faculty organized a heartwarming Spandan program in a nearby village, showcasing their compassion and empathy. With the aim of spreading joy and warmth, they donated clothes to the poor and underprivileged, bringing smiles to countless faces. The initiative was a testament to the power of kindness, as the students and faculty came together to make a tangible difference in the lives of those in need. Through this selfless act, they not only provided essential items but also instilled a sense of dignity and hope in the recipients, creating a ripple effect of kindness in the community.

B. CULTIVATING HEALTHCARE EXCELLENCE:

GIETU University nursing students take to the streets with a powerful skit & rally for World Cancer Day! 'Cultivating Healthcare Excellence' program spreads awareness, hope & courage. Through creative

World Cancer Day 2023 (Awareness in Sub-Divisional Hospital, Gunupur)

C. SUSTAINABLE DEVELOPMENT AND SOCIAL IMPACT:

Students blend passion with purpose, crafting lemon squash and sweet lime pickle while promoting sustainable development and social impact. Using locally sourced ingredients, they reduce carbon footprint and support local farmers. Every jar sold contributes to a greener, more compassionate community. Savoring flavor, spreading impact.
