

Minutes of the Meeting Board of Studies for the Department of Electronics and Communication Engineering

Date: 14th May 2023

Time: 10 AM

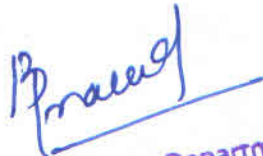

Venue: VLSI Lab

Members Present:

1. Dr. Prasant Kumar Sahu- Professor, IIT Bhubaneswar (Subject Expert)
2. Dr. Santos Kumar Das- Associate Professor, NIT Rourkela (Subject Expert)
3. Mr. Debadarshana Parida- R &D Engineer, Synopsys (Industry Expert)
4. Dr. Sandeep Mishra- Assistant Professor, NIT Surat (Alumni)
5. Dr. Shreetam Behera- Tech Lead, Continental Autonomous Mobility Pvt Ltd (Alumni)
6. Dr. Bibhu Prasad – Assistant Professor
7. Dr. Ajit Kumar Patro - Assistant Professor
8. Dr. Priyadarsan Parida – Associate Professor
9. Dr. Tusharkanta Panda - Assistant Professor
10. Dr. Manoj Kumar Panda - Assistant Professor
11. Dr. Jitendra Kumar - Assistant Professor
12. Dr. Ami Kumar Parida - Assistant Professor
13. Dr. Ribhu Abhusan Panda - Assistant Professor
14. Ms. Ranjita Rout- Assistant Professor
15. Mr. Ashish Tiwary- Assistant Professor
16. Mr. Radhanath Patra- Assistant Professor
17. Mrs. Padmini Mishra- Assistant Professor
18. Mrs. N. Sowumya- Assistant Professor
19. Ms. Jayanti dang- Assistant Professor

Agenda:

- a) Approval of B. Tech Syllabus for the AR-23.
- b) Any other topics with due consent from the members.

Head of the Department
Electronics and Communication Engineering
School of Engineering & Technology
GIET University, Gunupur-765022
Dist-Rayagada, Odisha, India

Proceedings:

a) BEEE Course Content:

The board members discussed the heavy workload of the BEEE course and proposed that certain portions of the curriculum could be removed to lighten the course load. It was agreed that a thorough evaluation of the course content would be conducted to identify specific areas that can be omitted without compromising the core concepts and learning outcomes.

b) Web Technology and Introduction to AI:

The board members considered the possibility of replacing the Web Technology course with Introduction to Artificial Intelligence (AI) to align the curriculum with the current industry trends and demands. It was unanimously agreed that Web Technology would be replaced by Introduction to AI, as it would provide students with a more relevant and future-oriented skill set.

c) Modification of ED Subject:

The board members discussed modifying the content in the name of the subject "ED". The proposal was accepted without objections.

d) Inclusion of VHDL in Digital System Design:

The board members emphasized the importance of including VHDL (Very High-Speed Integrated Circuit Hardware Description Language) in the Digital System Design course. It was agreed that VHDL would be added to the curriculum to enhance students' understanding of digital system design methodologies and their practical implementation.

e) Circuit Theory and Control Systems:

The board members discussed the need to avoid mixing the term "Control" with any other subject. Therefore, it was decided to change the name of the subject "Circuit Theory and CS" to "Circuit Analysis and Control Systems" to provide a clearer representation of the subject matter and avoid confusion. The proposed name change received unanimous approval.

f) Introduction of VCO in AEC:

The board members deliberated on the inclusion of Voltage-Controlled Oscillator (VCO) in the Analog Electronic Circuits (AEC) course. It was agreed that introducing VCO would enrich the students' understanding of analog electronic circuits and their applications. The proposal was accepted.

g) Modification in Analog and Digital Communication:

The board members discussed the content of the "Analog and Digital Communication" subject and proposed changes. In Unit 3, the term "QASK" was agreed to be changed to "QAM" (Quadrature Amplitude Modulation) to accurately represent the modulation scheme being taught. The proposed changes were unanimously approved.

h) Regarding Micro Project:

The board members suggested to do the hardware projects to provide students with a more substantial and comprehensive project experience.

i) Introduction of ARM Processor in MPMC:

The board members discussed the inclusion of the ARM (Advanced RISC Machines) processor in the Microprocessors and Microcontrollers (MPMC) course. They agreed that introducing the ARM

Pradeep
Head of the Department
Electronics Engineering
School of Engineering and Technology
GIET University, Gunupur-751022
District-Rayagada, Odisha, India

processor would enhance students' knowledge and understanding of modern microprocessor architectures and their applications. The proposal was accepted.

j) Comparison between 8051 and ARM:

The board members suggested including a comparison between the 8051 microcontroller and the ARM

Resolution:

It was decided that the proposal would be implemented from the upcoming academic year 2023-24.

Chairman BoS

Department of ECE

School of Engineering

GIET University, Gunupur

Head of the Department
Electronics Engineering
School of Engineering and Technology
GIET University, Gunupur-765022
District-Rayagada, Odisha, India

DEPARTMENT OF ELECTRONICS AND COMMUNICATION
ENGINEERING

GIET UNIVERSITY, GUNUPUR, ODISHA

Date: 23rd May 2024

Time: 10 AM

Venue: DSP Lab

Members Present:

1. Dr. Prasant Kumar Sahu- Professor, IIT Bhubaneswar (Subject Expert)
2. Dr. Santos Kumar Das- Associate Professor, NIT Rourkela (Subject Expert)
3. Mr. Debadarshana Parida- R &D Engineer, Synopsys (Industry Expert)
4. Dr. Sandeep Mishra- Assistant Professor, NIT Surat (Alumni)
5. Dr. Shreetam Behera- Tech Lead, Continental Autonomous Mobility Pvt Ltd (Alumni)
6. Dr. Bibhu Prasad- Assistant Professor & HoD
7. Dr. Priyadarsan Parida- Associate Professor
8. Mr. Tolada Appa Rao- Associate Professor
9. Dr. Ajit Kumar Patro- Assistant Professor
10. Mr. Radhanath Patra- Assistant Professor
11. Dr. Ranjita Rout- Assistant Professor
12. Dr. Ami Kumar Parida- Assistant Professor
13. Mrs. Bandana Mallick- Assistant Professor
14. Dr. Tusarakanta Panda- Assistant Professor
15. Mrs. Padmini Mishra- Assistant Professor
16. Dr. Ashima Sindhu Mohanty- Assistant Professor
17. Mr. Ashish Tiwary- Assistant Professor
18. Dr. Ribhu Abhusan Panda- Assistant Professor
19. Dr. Manoj Kumar Panda- Assistant Professor
20. Dr. Jitendra Kumar- Assistant Professor
21. Mr. Biswa Mohan Panda- Assistant Professor
22. Mrs. Priyambada Parida- Lecturer
23. Mr. Sandeep Sahu- Lecturer
24. Ms. Jayanti Dang- Lecturer
25. Ms. Sandhyarani Swain- Lecturer

Agenda:

- Introduction of BoS Members.
- About the Department.

Head of the Department
Electronics and Communication Engineering
School of Engineering & Technology
GIET University, Gunupur-765022
Rayagada, Odisha, India

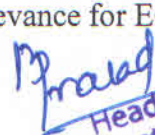

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION
ENGINEERING
GIET UNIVERSITY, GUNUPUR, ODISHA**

- MoM of Previous BoS.
- Modification of Syllabus AR-23.
- 3rd Year Syllabus AR-23 (5th Sem & 6th Sem)
- Curriculum structure of B. Tech in VLSI Engineering and B. Tech in Advance Communication System Engineering
- Curriculum and Syllabus of Batch 2021-25(4th Year) & Batch 2022-26 (3rd year) (UG) for the Academic session 2024-25
- Approval of Value Added Courses (Courses beyond the regular syllabus).
- Co-Curricular Activities
- Any other points

Proceedings:

1. The BOS meeting was held on 23.05.24 in DSP LAB of the department of ECE.
2. At first the HOD, Dr. BIBHUP RASAD provided a warm welcome to the BOS members
3. Dr. BIBHU PRASAD had presented the PPT that includes every details of the department.
4. He had presented the syllabus of AR-23 and asked for any modifications or suggestions.
5. Suggestions provided by the BOS experts
 - AEC should be in 3rd semester and DEC should be in 4th semester.
 - Control system and network theory should be two separate subjects. These two cannot be combined.
 - Fundamental of 8085 can be added in unit 1 of MPMC.
 - PROGRAMMING OF AUNDRINO can be added in the last unit of MPMC.
 - In signal system subject, types of signals, continuous signals can be added 1st and then discrete signals can be added.
 - EEM subject should be removed as it has no relevance for ECE Students.

Head of the Department
Electronics Engineering
School of Engineering and Technology
GIET University, Gunupur-765022
District-Rayagada, Odisha, India

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION
ENGINEERING
GIET UNIVERSITY, GUNUPUR, ODISHA**

- In EMBEDDED and IOT subject, programming using advance microcontroller can be added in unit 3 and IOT case study can be added in unit 5.
- Name of the subject “Fiber optic communication” should be changed to “Optical Communication and Networking”.
- In optical fiber communication subject, unit 4 and unit 5 can be combined and optical network as well as wireless optical communication should be added.
- Mobile communication name can be changed to wireless communication and 6G can be added.
- VLSI DESIGN by Morris Mano book should be added as reference book of digital VLSI design.
- Subject name of Microwave Theory and Technique can be changed to “Microwave and Antenna Theory”.
- English subject name should be named as English for technical learning and it should be credit less. It should in 1st and 2nd semester only.
- For 3rd and 4th semester the name “Technical communication” and “Advanced communication” for the subjects (If any) related to “Communicative English”.

Resolution:

It was decided that the proposal would be implemented from the upcoming academic year 2024-25.
